Edition: **Autumn 2018**

## Update from Nepal

After the last OSOC meeting it has been agreed that we will continue looking at working in partnership with Our Sansar. Our new joint project is to start a Day Centre in Birgunj, east Nepal. The project will help some of the most disadvantaged children, mostly street children and to offer them a safe, happy and supported place to stay during the day. It will be managed by a social worker, teacher and other support staff.

The homework club goes from strength to strength with great attendance and involvement from the children. There are always more children to help, so if you have any friends or family interested please let us know.

This is where our homework club is based

## OSOC star

**Nick Bretherton**

Nick has been a fantastic supporter, not only by doing two sponsored runs, but supporting and raising awareness of our cause and what we do. He completed the Great North run last year, if that wasn't enough he then did the Great East run and even persuaded his dad to do it too!! Thank you Nick.
